Lampada a parete, in due dimensioni, caratterizzate dall'alternarsi di tubi in metallo ed in plexiglass (ricorda le canne di un organo). Prodotto molto eclettico adatto per uso residenziale e contract: sia in un elegante salotto o nelle aree comuni e nel corridoio di un hotel. Un modello geometrico nascosto dietro ai tubi arricchisce gli effetti di luce, creando un gioco di ombre e sfumature sulle parti in plexiglass.

Wall lamp, in two sizes, characterized by the alternation of metal and plexiglass tubes (it reminds of organ pipes). Very eclectic product suitable for residential and contract use: both in an elegant living room as well as in the public areas and in the corridor of a hotel. A geometric model hidden behind the tubes enriches the light effects, creating a play of shadows and shades on the plexiglass parts.
