

Flexiled

King & Roselli

FL

AP L60

AP L90

Modello icona di Contardi, Flexiled è disponibile nella versione “STEEL” e nella versione “LEATHER”: nella prima il braccio flessibile è ricoperto da una maglia in acciaio intrecciato poi avvolta da una guaina trasparente, nella seconda è invece inserito in un rivestimento in pelle con doppia cucitura ai lati. Flexiled è caratterizzata da alti standard qualitativi, a cominciare dall'uso di un braccio flessibile in ottone (diam. 12 mm) che garantisce solidità e assenza di cigolamento anche dopo un uso molto prolungato; un elevato livello di ingegnerizzazione e dissipazione del Led, garantiscono che la temperatura sulla testa rimanga entro i corretti limiti anche dopo 24 ore di utilizzo ininterrotto. Modello facilmente “personalizzabile” nei colori della pelle, nella lunghezza del braccio e forma e finitura della basetta a parete.

An iconic Contardi model, Flexiled is available in “STEEL” version and in “LEATHER” version: in the first one the flexible arm is covered with a braided steel mesh, then wrapped in a transparent sheath. In the second one it is covered by leather with double stitching on the sides. Flexiled is characterised by high quality standards, starting with the use of a flexible brass arm (12 mm diameter), which guarantees solidity and absence of squeaking even after prolonged use. A high level of engineering and dissipation of the LED make sure that the temperature on the lamp head remains within the correct limits even after 24 hours of uninterrupted use. Easily “customizable” in leather colours, arm length and shape and the wall plate finish.
