

Tenebra

Jan Van Lierde

SO

SO BATTERY

Tenebra è la prima lampada a sospensione a batteria ricaricabile IP65 della collezione outdoor di Contardi. Declinata in due varianti differenti: TENEBRA con luce spot senza diffusore e TENEBRA CRYSTAL con diffusore in cristallo sintetico. TENEBRA CRYSTAL si caratterizza per i diffusori di cristallo sintetico che conferiscono colore e tridimensionalità alla luce. Disponibile nelle versioni portatile a batteria o cablata, la versione a batteria, con autonomia di 8/9 ore, si ricarica attraverso porta USB tipo C comunemente usata per smartphone e tablet di ultima generazione. Fornita con accessori e cavo in acciaio per essere “agganciata” ed installata nei contesti più svariati, dal ramo di un albero, ad un pergolato piuttosto che ad una tenda da esterni. L'accensione avviene attraverso la pressione del tubo.

Tenebra is the first IP65 rechargeable battery suspension lamp of Contardi outdoor collection. Available in two different variants: Tenebra with spot light without diffuser and Tenebra Crystal with diffuser in “synthetic crystal”. Tenebra Crystal is characterised by the synthetic crystal diffusers that give colour and three-dimensionality to the light. Available in battery-powered or wired versions, the battery-powered version, with about 9 hour autonomy, can be recharged through a USB type-C port commonly used for latest-generation smartphones and tablets. Supplied with accessories and steel cable to be “hooked” and installed in a wide variety of contexts, from a tree branch to a pergola arbour rather than an outdoor tent. Switch by the pressure of the tube.
