UMAGE

WITH LOVE FROM COPENHAGEN

At UMAGE, our designers take inspiration from the distinct nature of the Nordic landscape to create unique designs related to the way we live in an urban setting. Influenced by the design language, colours and materials found around us in Scandinavia, we create a collection that is rooted in our home but designed for everyone.

Versatile, flexible and multifunctional, our furniture and accessory collection is designed for packing the most into life in smaller spaces!

ENGLISH

IMPORTANT! Always shut off power to the circuit before starting installation work. In some countries electrical installation work may only be carried out by a authorised electrical contractor. Contact your local electricity authority for advice.

Different wall materials require different types of screws. Always choose screws that are specially suited to the materials of your walls.

DEUTSCH

WICHTIG! Vor der Installation den Strom abschalten. In einigen Ländern dürfen Elektroinstallationen nur von autorisierten Elektrofachleuten ausgeführt werden. Im Zweifelsfall die örtlichen Behörden ansprechen.

Unterschiedliche Wandmaterialien erfordern unterschiedliche Schrauben. Immer Schrauben verwenden, die für die Wandbeschaffenheit geeignet sind.

FRANÇAIS

ATTENTION! Toujours couper l'alimentation au panneau principal avant de procéder à l'installation. Dans certains pays, l'installation doit être effectuée par un électricien qualifié. Pour en savoir plus, contacter les autorités locales compétentes en la matière.

Le choix des vis dépend du matériau dans lequel elles doivent être fixées. Utiliser des vis adaptées au matériau de votre mur.

NEDERLANDS

BELANGRIJK! Schakel de stroom altijd uit voordat met de installatie wordt begonnen. In sommige landen mogen elektrische installaties alleen worden uitgevoerd door een bevoegd elektricien. Neem daarom contact op met de plaatselijke overheid voor advies.

Voor verschillende wandmaterialen heb je verschillende schroeven nodig. Completeer met schroeven die geschikt zijn voor het materiaal van de wand.

SUSTAINABLE SUSTAINABILITY EFFORTS

We are dedicated being sensible frontrunners on the environmental responsibility. If we provide timeless and functional quality designs that last, we know nature will prevail, as will UMAGE.

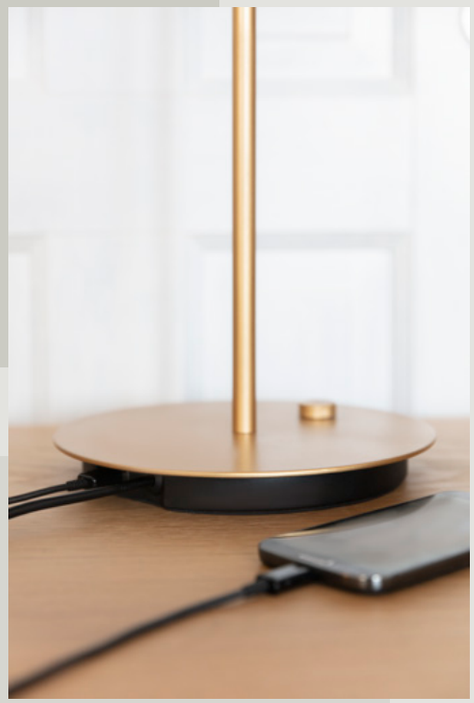

GIVING BACK TO NATURE

In collaboration with the NGO One Tree Planted, we are planting a tree every time one of our designs made from wood are being sold. Furthermore, we are compensating for the polypropylene products we sell, by donating part of the profits to the NGO Plastic Change, supporting the World ocean clean-up and minimizing plastic pollution.

MULTIFUNCTION AND FLEXIBILITY

One of the key aspects of the designs at UMAGE is multiple functions and flexibility. Designing with more than one function in mind is a sustainable mindset as it reduces the number of products you need to buy to get a complete setting for your space.

REUSABLE PACKAGING

To minimize packaging waste, most of the packaging from our lighting collection is repurposed to be used as beautiful storage boxes afterwards. Learn more on the next page…

REUSABLE PACKAGING

With your new lamp, you have also received a free decorative storage box for the shelf.

THIS IS HOW IT WORKS

When your new lamp is out of the box you can keep the box and reuse it as a storage box for your small bits and bobs and place it on the shelf or on the top of your closet - repurposing the packaging for you and the environment.

So not only are UMAGE's designs flat-packed to optimize the global logistics and the environmental footprint, but it ensures that you don’t need to throw away tons of packaging material, that can just as well be reused for something new.
